Local Draft Board Lists Delinquents

Selective Service Asks For Information

An intensified effort is being made to locate delinquent registrants of Daly City Draft Board No. 103. Anyone having information regarding the present whereabouts of the men are asked to contact the local headquarters, city hall, 75 Wellington avenue, at once.

The list, as announced by Mrs. Isabelle Flynn, chief clerk, includes: **Herman Ferbee, George Steele Harkey, Bruce Royal Johnson, Fred Jackson, Julio Martinez, Anthony Petronio, Martin Murrillo Sanchez, Harold Santema, Peter Christopher Sola, Forrest Blythe Williams,** and **Leon Muline Nacionales.** These men are reported by the local board as persons who are delinquent for violation of Selective Service regulations or instructions.

Phone number at the local headquarters is RAndolph 4075.

Tomorrow, November 5, the local board will induct a small group of men for the armed forces. Only ten were required by the quota.

In the Tuesday, October 26, call, there were only two local men inducted: William Hoyer, 138 Edgemar street, who entered the U. S. Navy, and Alfred Greig, 638 Hanover street, who went into the U. S. Army.

Recreation Dept. Offers Dancing

Mrs. Maisie Boyle, member of the Daly City Recreation committee, announced, this week, that the group has secured the services of Mrs. Leila McBride to teach folk and social dancing here. Mrs. McBride is donating her time during her stay in this community. Her husband, an Army captain, is stationed in this area.

Mrs. McBride is a former teacher at Carmel high school.

The dancing classes are for grammar and high school age youngsters. On Mondays and Wednesdays from 3 to 4 p. m., the beginners' class meets at Jefferson Union high school, while on Tuesdays and Thursdays from 3 to 4, the advanced group meets.

On Saturdays from 9 a. m. to noon, Mrs. McBride meets with grammar school age children at Pershing school, 631 Hanover street to conduct folk dancing and games.

EXTEND WAR CHEST DRIVE IN HOPE OF REACHING DALY CITY QUOTA

Community Fails To Give Support

Have you a son in the armed forces?

Would it be hard for you to swallow a thick steak with a couple of starving children eyeing you mournfully?

Do you like the feeling that the San Mateo County Blood Bank has precious plasma in storage to use in the event of civilian casualties and in the meantime donates the surplus to the wounded soldiers and sailors?

Do you believe that the Girl Scout and Boy Scout programs offer wholesome recreation and activities for the youth of your community?

Do you admire the spirit of the fighting Russians enough to wish to help their wounded and homeless?

How about the thousands of orphaned European children? Does their plight touch your heart?

If your answer to ANY of these is "yes" (and what kind of a person are you if you can say "NO" to any one of them?), then the Daly City War Chest drive concerned you directly. Did you give?

Some of Daly City's residents gave, and gave generously, of course, but too many failed to donate. This community has given only about a fifth of its quota, according to Mrs. Marce Trier, district chairman.

What's the matter?

Do you, Mr. and Mrs. Daly City, know that this drive represents

State Investigates Colma Hog Ranches

Bacon on the hoof, Colma's recurrent problem, has now had the attention of the California State Health department focused on it. Made at the request of County Executive Frederick Peterson, the detailed report was submitted, October 27, by the state bureau of sanitary inspection.

Recommendations on the Colma hog ranches covered such matters as the abandonment of some of the closer-in ranches, that floors of all shelter sheds in the Colma area be raised, properly drained, and connected to suit-

Schools Take Holiday Armistice Day, Nov. 11

Armistice Day, Thursday, November 11, will be observed in Daly City by schools, city offices, and banks.

Jefferson Union high school, all grammar schools of the Jefferson Elementary School district, and Our Lady of Perpetual Help parochial school will be closed. At the city hall, office doors will be locked, except for the police department, and the two branches of the Bank of America will not open for business. The public library will also be closed.

R. L. Crane jr., district superintendent for the elementary district, said there would be no general program in observance of Armistice Day, only classroom recognition of the event and its significance.

Record Christmas Cards Going Fast

Another group of gift Christmas card assortments has passed through the Record's circulation department to subscribers in this area. While a strong response was expected to the free offering during the present shortage of cards through regular retail channels, still orders are pouring in, threatening to exhaust the available stock.

However, last week-end a new shipment was received and is now ready for distribution. Assortments of 20 beautiful cards, with matching envelopes, are being given with three-months' subscriptions at the regular rate of $1.00. Subscriptions may be new or renewal.

With postal officials asking early mailing to insure delivery before Christmas, and the threatened shortage of stocks, it is advisable to act quickly. A telephone call to The Daly City Record, RAndolph 3215, will bring a representative with your cards.

Taking a new step in his Army career, Private **John Thomas Nordquist,** son of Mrs. Nellie Nordquist, 898 Bellevue avenue, Daly City, this week entered the B-24 Liberator bomber mechanics school at Keesler field, Biloxi, Mississippi.

For approximately 17 weeks, Private Nordquist will be trained at the Army Air Forces Training Command station, learning the intricate details that go into the huge B-24. Here the soldier will learn fundamentals, structures, fuel and electrical systems, propellers, instruments, engine operation, hydraulic systems and airplane inspections as well as undergo a field test training period.

Upon completion of his course, the soldier-mechanic will be assigned to active line duty or sent to a gunnery or factory school.

Among those recently awarded the Good Conduct medal by the U. S. Army for exemplary behavior was Private First Class **Harry J. Oakes,** 263 Station avenue, Daly City. Oakes is at the Fairfax airport, Kansas City, Kansas.

Publisher Al Boynton received a letter, this week, from **Arnold Panella,** former proprietor of the Union Oil station at 6200 Mission street. Panella has been attending the school for pilots at Williams field, Arizona. He was to be graduated as a second lieutenant, yesterday, November 3, and will probably have a 10-day furlough here soon.

Panella took his basic training at Gardner field, Taft, California;

War Council Will Meet This Evening

The Daly City War Council will meet tonight, November 4, at the city hall, beginning at 8 p. m. Director A. J. Bodien announced that the session will have special importance due to the recent lifting of the dimout and the necessity for realistic appraisal of Civilian Defense.

Willard W. Keith, vice-chairman of the California State War Council, has advised Bodien that "your city has been rated as a community of No. 1 priority, which may be interpreted to mean, from a military standpoint that it is considered as a primary target in the event of attempted enemy action.

"For all No. 1 priority areas it has been recommended by Army, OCD, and this office that civilian protection services be maintained at the highest level of efficiency and alertness. It has been urged that every effort be made to increase the existing organizations of auxiliary police, auxiliary fire, emergency medical, and to perfect their training and operational ability."

Bodien points out that the lifting of the dimout, which is still experimental in nature, by no means wipes out the necessity for continuation of civilian defense activities.

In commenting on the Thursday night, October 28, drill, Bodien said it was "not up to expectations."

Senior Wardens Discuss Dimout

At their Friday night, October 29, meeting, Daly City's Senior Air Raid Wardens discussed the preceding night's drill held to test all services in the area north of Mission and Bepler streets.

The group expressed disappointment that there were no members of the war council present to criticize Thursday's drill.

In view of the recent lifting of the dimout, the senior wardens stated that no dimout patrol would be necessary after Sunday, October 31.

In the future the senior wardens will not have their bi-weekly sessions but instead will hold a general meeting once each month,

Law Would Regulate Conduct For Minors

Members of the city council, school authorities, ministers of local churches, P. T. A. organizations, and representatives of the law enforcement and judiciary agencies here were present at a special meeting called by the councilmen for Monday night, November 1, in the city hall. Purpose of the session was to discuss in detail the adoption of a curfew ordinance for Daly City.

Adoption of the curfew ordinance was seen as likely at the Monday, November 8, regular council meeting. Consensus of opinion was that the ordinance should be adopted but there were two theories about the time which should be designated as the curfew hour. Other San Mateo county cities which have adopted the ordinance set the hour at 10 p. m., but it was the thought of many present that since Daly City lies so close to San Francisco that the hour here should be the same as the big city's, 11 p. m.

Almost all of the speakers felt that if the ordinance is adopted it must be strictly enforced.

Specifically the ordinance will regulate the conduct of minors on public streets or in public places for the duration of the war. After 10 p. m., or 11 p. m. as the case may be, minors under 18 would not be allowed on the streets unless accompanied by their parents or legal guardians or carrying work permits. In addition, parents will be guilty of a misdemeanor and liable to fine or imprisonment under the terms of the ordinance. It was described as an emergency measure to preserve the public peace and morals.

The ordinance would be passed not with the thought of penalizing those youngsters who behave themselves but to give the police some means of keeping children who may be led into delinquency off the streets at late hours and under unwholesome conditions.

In all probability a committee of citizens will be appointed to work with law enforcement representatives to work for public understanding of and cooperation with the new law.

Mayor A. J. Gaggero, who presided at the meeting, thanked the organizations, churches, school and city officials for their attendance and suggestions on the curfew ordinance which the city council feels it must adopt for the protection of the youth of the community.

Police Catch Two Men In Attempted Burglary At Hilltop Lodge, October 29

An attempt to burglarize Hilltop Lodge, 22 Hillcrest drive, was scotched by Daly City police, Friday, October 29, at 2:15 a. m. when two men were apprehended in the act of breaking in and were arrested by Officers Roland A. Petrocchi and Roy Beecher.

Taken into custody and later removed to the county jail were Jay Taylor, 1760 Fell street, San Francisco, and Joe Calton, 758 1-2 Eighth avenue, San Francisco.

Their capture was made possible by Leo Bigazzi and Thomas Hogan who notified the patrol that someone was apparently trying to break into the tavern. The officers watched the men and one went over the fence to open the gate for his companion. When the officers went for him, kicking in the gate, Taylor was standing guard inside the gate with a black-jack in his hand, while Calton was jimmying the door leading into the dance hall from the court.

Taylor dropped the blackjack into the shrubbery in the court. Both men admitted that they were breaking in to steal whiskey. They were booked for possession of instruments for burglarizing and for deadly assault. Judge William J. Sweeney set their bail at $500 cash or $1,000 bond.

On October 30, Police Chief James G. Reardon and Sergeant Ricco Benedetti took them to the county jail at Redwood City to await trial.

Two automobiles were returned, recently to their rightful owners through the efforts of the lo-

OPA District Office Announces Point Values On November's Official Table

The sale of jams, jellies, preserves and fruit butters to consumers, which has been frozen since October 23, was resumed Sunday, October 31, at the point values listed on the new official table of point values for processed foods issued, Friday, by the Office of Price Administration, Francis Carroll, OPA District director has announced.

The new November chart also lists twelve changes of point values in canned and bottled fruits, vegetables, and juices, nine up and three down. Other changes include the elimination from rationing of pickled, spiced and brandied fruits and a revision of the frozen foods category dropping some items from rationing and rearranging others in the group to simplify the rationing of these items.

Green stamps A, B, and C from the new War Ration Book Four are being used for the first time to buy processed foods, having started, November 1, and continuing valid on through December 20. Blue stamps X, Y, and Z in War Ration Book Two, validated for October may be used through November 20.

The addition of fruit spreads to the ration list was taken into consideration in setting the new point values for processed foods. Because of the short supply of canned fruits, a general upward revision would have been neces-

High School Sells $27,487 In Bonds

During the months of September and October, Jefferson Union high school rang up a $27,487.80 total of War Bond and Stamp sales, which could be characterized as "wonderful work" without exaggeration.

The school was entitled to fly the Treasury flag for 94 per cent participation during October.

During the recent competition, $13,800 in War Bonds and Stamps was sold in a 2-weeks period, with the sophomores passing the $7,000 mark, the freshmen topping $2,000; the seniors, $1,900 and the juniors, $1,200.

Sparkling Comedy On Screen Tonight

Nothing's sacred when Ernst Lubitsch gives that grand new touch to the gay old nineties!

That, in a nutshell, is the saucy, sparkling story of Lubitsch's production of "Heaven Can Wait," the Technicolor hit which opens tonight at the Daly City theatre.

The spicy film is the story of Grandpa and the French Mademoiselle . . . and ladies fair who gave their lovers the air! and when it comes to what went on after the gas lights went out — the famed "Lubitsch Touch" becomes a wallop!

Don Ameche and Gene Tierney top the featured cast of "Heaven Can Wait." Don is a scion of a staid New York household — and his antics stand the family on its ear. Gene is the lady fair whom he woos — and wins — but Don is a flighty person, while Gene is not what you could call a submissive sort of a gal. Which means that even after they're happily married there are lots of opportunities for Director-producer Lubitsch to inject his distinctive "touch!"

"Heaven Can Wait" is a frank, frolicking, frivolous comedy aided immeasurably by the calibre of its performers. In addition to Miss Tierney and Ameche, others in the large and capable cast include Charles Coburn, Marjorie Main, Laird Cregar, Spring Byington, Allyn Joslyn, Eugene Pallette and Signe Hasso.

Still others who have important roles are Louis Calhern, Helene Reynolds, Aubrey Mather and Michael Ames.

The screen play was by Samson Raphaelson, based upon the play "Birthday" by Lazlo Bus-Fekete.

CURRENT ATTRACTION AT DALY CITY THEATRE

Romance takes on a new meaning in the presence of "that Lubitsch touch"—as Don Ameche and Gene Tierney discover in "Heaven Can Wait," the new 20th Century-Fox hit due tonight at the Daly City theatre. The Lubitsch production, filmed in Technicolor, has a featured cast that includes Charles Coburn, Marjorie Main, Laird Cregar, Allyn Joslyn, Eugene Pallette and Signe Hasso.

OLPH BAZAAR PLANS NOW NEAR COMPLETION

Booths are now being erected for the gala bazaar to be given at 6001-05 Mission street by Our Lady of Perpetual Help church, Friday, Saturday and Sunday, November 12, 13, and 14. Red, white, and blue decorations will add a festive note and everyone is invited to attend. Tickets may be secured from any of the church members or at the festival.

General Chairman Leo Wille announces that final preparations are being made and last-minute details will be worked out at a committee meeting, Tuesday evening, November 9.

Peter Kelly is maintenance chairman and he reports that all booths will be ready for opening night, November 12.

There will be refreshments, games, and a lot of fun for all who attend, the committee assured.

To raise prize money for the event Court St. Mary No. 1155, C. D. A., has been giving a series of whists.

Central Council Plans Homecoming For Simons

The Central Council of Civic Clubs, representing district improvement associations from all parts of San Francisco, will hold "Homecoming Night" for Private Bill Simons, tomorrow evening, November 5, at the Odd Fellows building, Seventh and Market streets. Simons, for six years civic clubs editor and columnist for the San Francisco Chronicle, enlisted in the U. S. Army six months ago. He is home on furlough before joining his group in Texas.

Carroll Newburgh, president of the Central Council, made arrangements for the reception to Simons. Co-guest with Simons will be James G. Smyth, Northern California administrator for the Treasury department, with whom Simons worked before entering the armed forces, as district organization coordinator on a volunteer basis.

Simons was also editor of the Chronicle's Sunday "In the Districts" section. Probably one of the most widely known newspaper men in San Francisco, Simons is expected to be greeted by a host of friends, from the city's many improvement clubs at tomorrow night's "Homecoming."

Next Week Is "Education Week"

"Education for Victory" is the theme of the national observance of American Education Week, November 7 to 13.

Jefferson Union high school will not hold its usual open house during the week but instead will have special assembly programs at 1 p. m. on Monday, Tuesday, and Wednesday, November 8, 9, and 10, to which parents and the general public are invited. Roy Gale and Clive M. Saiz, faculty members, are in charge of the assemblies.

At the district grammar schools, Superintendent R. L. Crane jr. said the week would be observed by "catching up" on time lost during the closing of classes to handle the rationing program. "We've had so many interruptions, this term," Crane said, "that our best celebration of American Education Week will be to learn some 3 Rs without further digression."

Conserve GAS and ELECTRICITY

UNCLE SAM asks you to be vigilant against waste, and practice war time economy in your use of Gas and Electricity. That means lamps and appliances must last longer. That brings about the savings of essential metals such as brass, copper, chrome, tungsten, etc. That means money saved with which to buy more War Bonds. Some useful suggestions for preventing the waste of gas and electricity are given below . . .

- A once-a-week dusting of lamp shades and bulbs can increase light output as much as 30 per cent.
- Wherever possible make a good reading lamp serve two or more members of your family.
- Use the right lamp for every lighting need. You get 50% more light from a 150 watt globe than you do from THREE fifty watters.
- Keep your refrigerator at medium or economical operating speed. Defrost once a week and add years of life to your refrigerator.
- Set hot foods aside to cool off to room temperature before you store them in your refrigerator.
- Repair dribbling hot water faucets. 90 drops a minute waste 350 gallons of hot water in a month.
- For a quick hand rinse use cold water. Why draw gallons of hot water through cold pipes for half pint use?
- Use your range oven for roasting and baking . . . not for heating.
- When a pot boils turn the heat low. Food cooks just as quick and your kitchen gets less steamy.

CHRISTMAS SEALS

The annual sale of Christmas seals in support of the campaign for the control of tuberculosis will open, November 22, and continue until Christmas Day.

This announcement is made by the executive committee of the San Mateo County Tuberculosis and Health association. The committee estimates that in carrying on the 1944 program, with its difficulties heightened by the strain of war work and conditions arising from overcrowding and undersupply in the nome lives of many, the minimum need will be for a fund of $17,250.

That sum must be raised, and in raising it the association relies entirely on the sale of the Christmas seals. Practically everybody adorns the holiday packages and letters with seasonal stamps of some kind, and seldom do these compare in beauty and artistry with the seals devoted to saving the lives of the people.

The movement is not a local one. The county organization works with the state body, and all the states are joined in the great national association which has a marvelous record of accomplishment in the prevention of disease and death. Other nations have enlisted in the fight, but the international cooperation has now met with wartime interference. It will be greatly needed when peace returns, for war is the greatest breeder of tuberculosis.

Our local association workers are taking up the task of raising funds through the sale of Christmas seals so that, in view of the special and present need of maintaining the national health standards, the work of fighting tuberculosis may be continued. "Public health is still the first line in our national defense," Dr. Thomas Parran, chief of the United States Public Health service, recently stated.

The sale of seals is to be conducted by mail, as during the past 37 years. No other method of raising funds is used by the association.

"Intensive educational work in schools and among adult community groups and the war workers will be carried on during the seal sale period," stated Mrs. Alice Foley, secretary of the association and prominent in Parent-Teacher work.

SHOP NOW FOR CHRISTMAS

Shop NOW for Christmas.

No, not for the boys overseas—you've done that already. Shop now for yourself and the people at home. Too early? Not by any means.

Christmas shopping this year will be somewhat different than anything we have experienced before. For one thing, war necessity has reduced the number of articles available to the public. That's understandable.

Also understandable is the fact that merchants lack sufficient help to adequately carry on their normal business. When the Christmas rush gets under way there will be little they can do to expand their sales staffs.

Some hardy souls may enjoy the Christmas shopping crush with its wear and tear on their toes and clothes. Other people may feel it is more satisfying to shop when the stores are fully decorated in their festive array. Still others "just can't bring themselves" to do their shopping until the very last minute.

To all these, we say—Shop now! You'll be doing yourself and the merchant a real favor. You'll have a much wider selection of goods, you'll avoid finding the stores sold out of what you want, and you will help the merchants to give you better service.

So, get yourself in a "Christmasy" mood and—Shop now!

PASTE THIS IN YOUR HAT

What is the matter with our so-called business and political leaders who chant: "Capitalism has one more chance," or, "Private enterprise has one more chance after the war," or we will have a totalitarian government? Do they really believe what they say? If so, they better not advertise their panic.

We are fighting a war to preserve freedom. We wouldn't be licking the Axis if we would surrender the right to say and do what we please, and raise our families as we please, because someone promised to fill our stomachs.

END OF THE BEGINNING

Just a year ago, under cover of darkness in the early morning hours of November 8, troops of the United Nations swept ashore in North Africa to begin dramatically and suddenly an invasion which was to bring about the "end of the beginning"—as Winston Churchill put it.

At Casablanca, Oran, Algiers and other points there was brief fighting. But the complete surprise of the landing, its swift execution, and the half-hearted resistance of French troops quickly brought an end to the shooting.

This move, together with General Montgomery's offensive against Rommel which had begun on October 23, left the Desert Fox no alternative. What followed is now history.

While the year since last November 8 has been one of almost continuous progress for the democracies, our armies have yet to reach Hitler's inner fortress. Yet, it is well to look back momentarily and see how far we have come. Considering only the European theatre, the Axis then had a powerful grip on North Africa. Their armies were deep in the Caucasus and besieging Stalingrad. Our sea lanes were being ravished by German U-boats. A further threat to the South Atlantic lay in the danger of German control of strategic French Dakar. The picture was not bright.

Now the Axis is out of Africa, and Italy is out of the Axis. The Nazis are being pushed up the Italian boot; in Russia no longer do they stand in the Caucasus or before Stalingrad—now they fight desperately to avoid disaster; the battle of the Atlantic is being won, and our air fleets have seriously crippled much of Germany's industrial capacity.

So, in taking stock of the past 12 months we have reason for encouragement. We have passed from the "end of the beginning" to the beginning of the end. Now we must work, fight and pray for the end itself. Perhaps when another November 8 rolls around we shall have realized that end.

AMERICAN EDUCATION WEEK

"Educate and inform the whole mass of the people, enable them to see it is to their interest to preserve peace and order, and they will preserve them. They are the only sure reliance for preservation of our liberty."

It is well that we recall these words of Thomas Jefferson in observing American Education Week from November 7 to 13.

For scores of years the American public school system has stood as a bulwark protecting our liberty within the nation. And yet that very bulwark itself is now in danger of being seriously undermined.

The shortage of teachers has reached the point where many schools the nation over have failed to reopen after summer vacation. In others, there is serious overcrowding, classes are curtailed, and instructors lacking proper qualifications are employed.

One of the main reasons for this condition is the extremely low salaries paid—40 per cent of the teachers receive less than $1200 annually. A Federal subsidy is urged to correct this condition. Many people question if this is the answer due to the danger of dictation from Washington as to what shall be taught in our schools. However, something must be done.

American Education Week highlights not only the great work done by our public schools, but the imperative need of protecting these schools so that they in turn may carry on their part in the preservation of our liberty.

OPA Places Luggage Under Price Control

All types of luggage have been placed under uniform price control by the Office of Price Administration in a move to check practices which, in some instances, had resulted in unjustifiable increases in prices, OPA District Director Francis Carroll announced, November 1.

With available supplies sharply reduced—partly as a result of greatly increased wartime luggage requirements and of War Production Board restrictions holding production approximately to 60 per cent of the 1941 dollar volume—Carroll said that urgent need for effective price control had developed. The extent of any price reduction will vary from store to store, depending upon individual prices previously charged, he stated.

The regulation applies not only to the new luggage now appearing on the market but also to leather luggage as well as many other types of non-leather luggage held in inventories.

ABOUT BOOKS FOUR

Miss Genevieve Blue, chief clerk at War Price and Rationing Board No. 83-12-3, reminded Daly City residents today that those who missed securing War Ration Books Four at the schools in October must wait until Monday, November 8, to apply at the board office, 470 Grand avenue, South San Francisco.

On and after November 8, consumers should call at the South San Francisco headquarters for Books Four. With them they must have Books Three to correspond to the Books Four requested for each family group. The same routine used at the schools will be employed in issuing Books Four to latecomers at the rationing board.

"Remember, some adult member of each family must call in person at this office to receive Books Four," Miss Blue said. "Don't fail to bring Books Three!"

READING & WRITING

BY Edwin Seaver AND Robin McKown

THE day has passed when girls sit at home and wait for a marriageable man, according to Dorothy Canfield Fisher, novelist, educator, Book-of-the-Month Club editor, and one of the leading citizens of Vermont and points west. Nowadays, says Mrs. Fisher, girls emulate their brothers in acquiring and practising the specialized skills needed by modern society.

DOROTHY CANFIELD FISHER

In her new book, "Our Young Folks," Mrs. Fisher stresses the fact that all young people, regardless of sex, need to feel that they are part of the current of their times and that they are doing work which contributes to the society in which they live. The war has provided a great impetus in this direction. Mrs. Fisher wants us to make sure there will be no slump in the years that come after.

"Our Young Folks" grew out of the author's work done with the American Youth Commission, of which she has been an active member since the day it was organized. Her book, however, is no dry sociological study, but a friendly talking over of the situation by one American woman with her fellow citizens.

A respectable New York businessman named Moses Wolfert is meeting up with all sorts of shady characters, ever since the publication of a novel by his son, Ira Wolfert—"Tucker's People," about the policy racket. Recently a race track mogul came up to Mr. Wolfert, Sr., and asked him, in a very hush, hush voice: "Tell me, what's your son's real racket?" Ira's "racket," by the way, is being one of our best war correspondents and a winner of this year's Pulitzer award in journalism. He's the author of "Battle for the Solomons" and "Torpedo 8."

"Copper Camp," compiled by the Writers' Program of the Montana WPA, gives an exciting account of the boom mining days in Butte. Among the famous characters of the time were Senator Clark, a copper king who had earned his fortune the hard way, and his two playboy sons, Willie and Charlie, who were expert at spending that fortune. The story is told that once a hack driver drove the Senator up from the depot, in return for which he received a dime tip. Disappointed, the cabby complained, "Why, your sons always tip me a dollar." "Yes, I know," answered the Senator. "Willie and Charlie have a rich father—I haven't."

Draper, Adler, Famous Duo, Will Be Here Nov. 6

Two major attractions, Draper and Adler, famous dance and harmonica duo and Marjorie Lawrence prima donna soprano of the Metropolitan Opera company will be Opera House attractions of the San Francisco Opera association on Saturday evening, November 6, and Wednesday evening, November 10, respectively.

Draper and Adler need no introduction to San Francisco as their performances in previous seasons have always been attended by capacity audiences. Draper, born in Florence, Italy of American parents, began his career as a classic dancer, but later developed his own unique art of combining the classic with the modern dancing. Today, he stands alone in a style of dancing that he himself created.

Adler, who has been teaming up with Draper since 1940, has just returned from a tour of the Mediterranean battle fronts where he has given concerts with his famous harmonica. It was the same instrument that he used in appearing with all of the country's outstanding symphony orchestras. The Draper and Adler concert here on Saturday night, November 6, will feature a new repertoire.

Marjorie Lawrence stands today on the dizzy height that is the objective of so many artists. Born in Australia, she began her training as a young girl first in Melbourne and then in Paris. Then came a three year contract with the Paris opera. She made her sensational debut at the Metropolitan in the season of 1935-6. It was in 1939 that she was stricken with infantile paralysis and for a while her career seemed doomed. However, with a courage that has electrified the artistic world, she battled for her recovery and today she can again carry out the most exacting operatic roles. Her appearance here Wednesday evening, November 10 will be her first concert program here.

Tickets for both events are now on sale at the Opera Box office, Sherman, Clay and company, EXbrook 8585.

Missionary To Speak At Grace Nazarene

Mrs. Geoffrey Royall, missionary for ten years in China, will be guest speaker at the Sunday morning, November 7, services at Grace Church of the Nazarene, Vista Grande and Santa Barbara avenues. She and her husband were in the section of China occupied by the Japanese and she has much to tell of their atrocities. Their church was bombed by the Japs and Royall was imprisoned by the Japanese.

Reverend D. C. McKisson, pastor, invites the public to attend the services, which begin at 10:30 a. m.

Court St. Mary Announces Whist Party

There will be a public whist party, tonight, November 4, at Masonic hall, given by Court St. Mary No. 1155, C. D. A. Local whist players are urged to attend and nice prizes are assured. The game begins at 8:30 p. m.

Local Sea Scouts In S. F. Regatta

Nine boys from Sea Scout Ship No. 144, "The Sea Lion," participated in the Sea Scout regatta at Aquatic park, Sunday, October 31. Bert Meritt, chairman of the Sea Scout committee for the Daly City-Colma Lions club, sponsoring organization, took the group down.

Those making the trip were Joe Powers, acting mate; Joe Moretti, Jerry Powers, Jack Wallace, Bob Meritt, Jack Ferro, Bob Montano, Ben Tappa, and Bob Dawson.

After the regatta, the local boys spent two hours rowing under the instruction of Joe Moretti.

SPORTS

Jeff Football Team Loses To Palo Alto

With a small squad further reduced by injuries and scholastic troubles, Jefferson Union high school's football team lost Friday's P. A. L. league game at Palo Alto, 31 to 0. Loss of Fullback Picchi and Guard Nelson, through injuries, left only one letterman for the starting lineup, which averaged about 145 pounds.

Opening the game for Coach Marion Hall's Indians were Bill Reed, left end; Richard Peterson, left tackle; Ralph Davidson, left guard; Kenneth Hatt, center; Eugene Anderson, right guard; Ernest Day, right tackle; M. L. Greenfield, right end; Wilbur Fellows, quarterback; Merle Van Kirk, left half; Don Van Kirk, right half, and Ted Prescott, fullback.

Tomorrow (Friday) the Indians travel to San Jose to meet San Jose high school in a P. A. L. league contest, starting at 3 p. m. The home team has a 13-13 tie with Palo Alto in its record for this season, making the Jefferson boys underdogs in predictions.

Coach Hall and his players are pointing for the game, Armistice Day, November 11, with San Mateo on the local field. Neither team has won to date, and they would seem to be on about even terms. Game time, as in all league contests, will be 3 p. m.

Basketball Teams Defeat Lincoln High

Jefferson High basketball teams in the 110 and 120 divisions won handily, over Lincoln High of San Jose, in games played on the local courts, Thursday, of last week.

Scoring ten points in the opening minutes of the game, Coach Elman Rose's 110s romped through for a 40-20 final tally. The team, comprising as starters, Greenough and Piccard, forwards; Parodi, center, and Valverde and Decker, guards, scored an average of 40 per cent of their shots at goals.

Pulling ahead in the closing minutes of a game which had been close throughout, the Jefferson 120s took a 30-22 victory. Coach Rose fielded these boys to start the contest: Fair and Denning, forwards; Perada, center, and Welsh and Chelone, guards. Their percentage of "making good" on attempted shots was almost as high as that of the 110s.

Today (Thursday) the two teams go to Redwood City for games with similar squads representing Sequoia high school. Close contests are indicated by the fact that neither 120 group has lost, so far this season, while each 110 outfit has been defeated once.

Suspend Coast Dimout, Monday

The Western Defense Command, last week, announced suspension of all dimout restrictions on the Pacific Coast effective November 1, 1943, in accordance with nation-wide policy formulated and announced in Washington, D. C., by the War and Navy departments, the Office of Civilian Defense and the War Production board.

A formal proclamation suspending the dimout restrictions, contained in Proclamation No. 19 of the Western Defense Command, is being prepared.

The announcement, by Lieutenant General Delos C. Emmons, commanding general of the Western Defense Command, said the dimout restrictions were subject to reinstatement in event of emergency.

The announcement emphasized that laws and regulations relative to blackouts are not affected by the foregoing suspension.

General Emmons joined in a request made by the Office of Civilian Defense in Washington, D. C., that Civilian Defense volunteers who have been engaged in dimout enforcement make themselves available for other types of volunteer assignments in the protective or war services field to relieve the increasingly critical shortages of volunteer manpower.

Coastal dimout restrictions were liberalized by the Western Defense Command on October 10, 1943, because of improved defensive measures now in effect along the Coast.

Restrictions were originally proclaimed on the Coast in October, 1942, to reduce skyglow that might silhouette shipping as targets for enemy submarines.

Reduced skyglow also lessened usefulness of glare as a possible guide for attacking planes.

Post Office Asks Christmas Cooperation

Civilian Christmas mail is the next big project for Uncle Sam's postal employees to handle and they are asking the cooperation of the public. Unless the bulk of the Yuletide cards and packages are posted during November there will be no chance to get them to recipients in time for Christmas.

Faced by a tremendous manpower shortage, the post office requests that those who intend to mail Christmas parcels do so during the current month. Moreover, the war-time traffic on railways is so heavy that insurmountable pileups will occur unless early mailing is universally used.

Daly City's post office is located at 6251 Mission street. Hours are 8 a. m. to 6 p. m. week days and 8 a. m. to 1 p. m., Saturdays.

Pershing Unit Gives Party, Oct. 29

The Hallowe'en party given for the children of General Pershing school, following classes, Friday, October 29, by the P. T. A. unit for that school was a big success. There were games, a parade of costumes, and candy.

Mrs. Sophie Evans, president, thanks all who assisted her in taking part in the War Chest drive. Unit members who served as volunteer solicitors were Mrs. Anne Eason, Mrs. Maisie Boyle, Mrs. Louise Eliasen, Mrs. Amelia Siino, Mrs. Frances Haussler, Mrs. Janet Delucchi, Mrs. Getha Mejia, Mrs. Margaret Holzworth, Mrs. Carl Leach, and Mrs. Evans.

Members of the unit expressed hope for a speedy recovery for R. Foppiano, 539 Evergreen avenue, school caretaker who is seriously ill.

The Thursday, October 28, whist given by the unit with Mrs. Edna Mullen as chairman, is reported to have been successful.

Members of Pershing unit were represented at Monday night's meeting on the curfew law proposed for adoption here by the city council.

FOOD

(Continued from Page 1)

sary for this group if fruit spreads had not been included under rationing. As it was, the point values of five fruits still had to be raised to slow down their too rapid movement into consumption.

Jams, preserves and non-citrus marmalades are assigned a point value of six points per pound; the ration value of jellies and fruit butters is set at four points per pound. Those point values are designated to reflect the relative supplies of the three groups of spreads as well as their relationship to the point values of all the other processed foods on the chart.

Citrus marmalade is given a zero point value on the chart because of large amount of current production and the fact that the products going into its manufacture are available for increased production if the demand warrants it.

The point values which have been set for jams, jellies, preserves and fruit butters are intended to move a proportionate share, during November, of the total available stocks of this group. If they move too fast, point values can be raised for December, and if their sale is slow, a downward point adjustment would be in order.

The point value changes are as follows:

POINT INCREASES: apples, berries, fruit cocktail, pears and pineapple in the canned or bottled fruit category, canned pineapple juice, tomato catsup or chili sauce and the two tomato sauces, those containing over five per cent tomato solids, and those in combination packages with cheese.

POINT DECREASES: beets and pumpkin or squash in the canned or bottled vegetable category, and grapefruit juice. The supply of these items improved this month.

"The decision to change the point value of any commodity is governed by two factors," said Carroll, "the supply available for civilians and its actual movement during the past few months. The supply picture varies with the production and the amount set aside for the government's military and lend-lease requirements."

While the inclusion of fruit spreads increased the ration supply of processed fruits, it has nevertheless been found necessary to increase the point value of five canned fruits to guard against a too rapid depletion of their stocks.

In berries and fruit cocktail, completion of the packing season revealed that production was lower than expected, with a consequent reduced amount available for civilians. A moderate point increase was made in fruit cocktail, but because of the excess movement of berries to consumers in addition to its low supply, it was raised from 33 to 50 per cent for the various popular sizes.

Canned apples, used principally by institutional and industrial establishments, are raised in point value from 36 to 60 points for the No. 10 can in order to slow down its movement, which is now several months ahead of schedule. Pineapple and pineapple juice are both given moderate point increases because of fast movement and, in the case of the juice, also because of a recent increase in government requirements.

Because of a reduction in the pack of tomatoes, the point value of several of the tomato products including catsup and chili sauce and tomato sauces is increased.

Pickled, spiced and brandied fruits were eliminated from rationing for the present in order to move out all of the old stocks in wholesalers' and retailers' hands.

The rearrangement of the frozen items, with the elimination of the "all other" category, has the effect of removing from rationing a great many items not widely used; for example, frozen persimmon. Another advantage of specifically listing the classes of frozen commodities included under rationing is the avoidance of confusion as to whether a particular item is or is not rationed. Processed foods ration points need be given up now only for the classes of frozen commodities specifically noted on the point chart.

Since dried and dehydrated soups and peas and lentils have had a zero point value for several months with a good supply outlook, they have been entirely eliminated from this month's point chart. Wholesalers will no longer be required to file monthly reports on these items.

Point values of the new items and the items in which changes have been made, compared with Table No. 8, effective during October, are given for the most commonly used container sizes below:

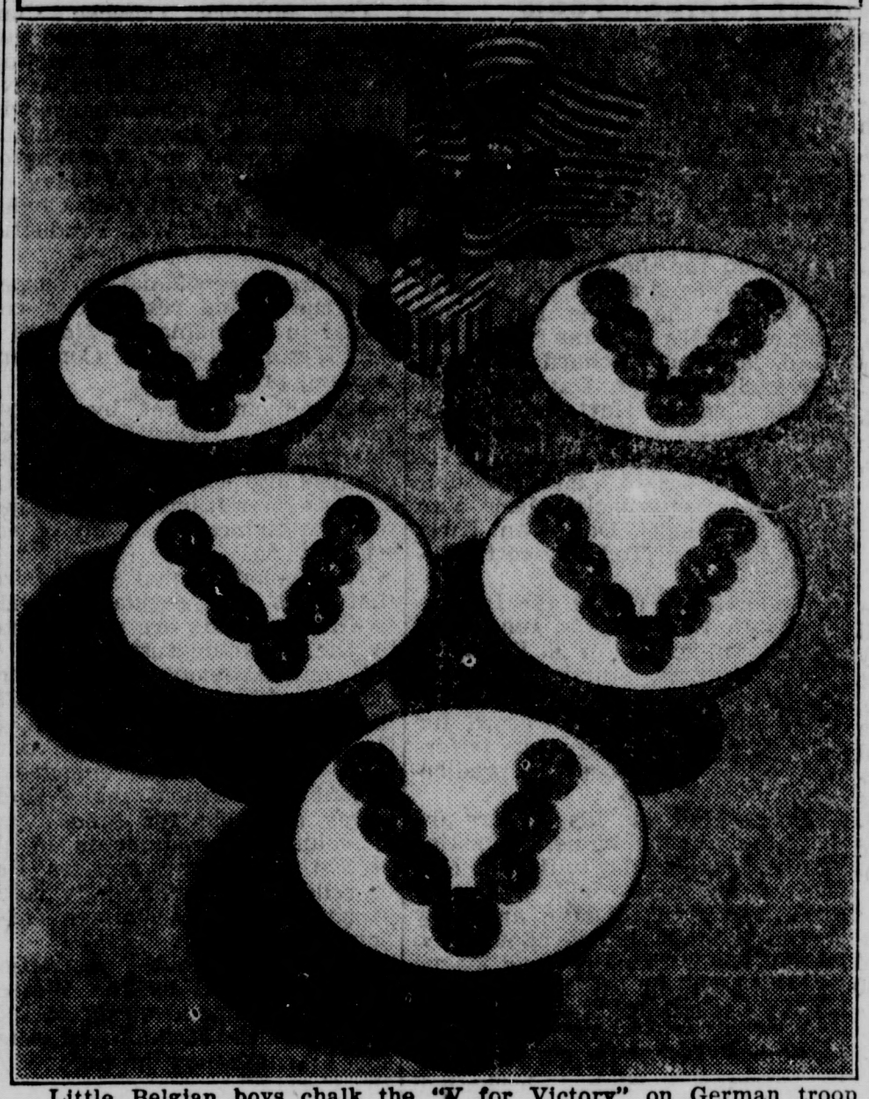
Rennet-Custards Form In V's As Even Desserts Go Military



Little Belgian boys chalk the "V for Victory" on German troop trains. American bombers roar across French skies in "V" formation. British statesmen greet United Nations troops with the two fingered "V" sign. And on American dinner tables even rennet-custards march in "V's", as a visible mark of our determination to win what the "V" stands for!

These cool rennet-custards do more than just make the sign of victory. They are fighting food, containing in the lightest, most delicate form the solid nutritional elements that will enable us to win, for they are more than 90 per cent milk. Busy homemakers will appreciate the fact that the rennet powder which coagulates the milk also sweetens and flavors it — and so easily, too.

Red, White and Blue Rennet-Custard

1 pint milk (not canned) — **Maraschino Cherries**
1 package vanilla rennet powder

Set out 4 or 5 dessert glasses, blue if possible. Warm milk slowly stirring constantly. Test a drop on inside of wrist frequently. When COMFORTABLY WARM (110° F.) not hot, remove at once from heat. Stir rennet powder into milk briskly until thoroughly dissolved — not over one minute. Pour at once, while still liquid, into individual dessert glasses. Do not move until firm — about 10 minutes. Chill. Cut maraschino cherries in halves and place on paper toweling to drain thoroughly. Just before serving, arrange seven cherry halves in "V" formation on the surface of each rennet-custard, placing them carefully so as not to break through the surface.

cal police department. On October 26, a La Salle sedan which was recovered at the rear of the Health department in the south end of the city was turned over to its owner, Lillian Cabanas, 1835 Geneva avenue, San Francisco. It had been stolen and later abandoned here.

Officers Petrocchi and August Benassini discovered an Oldsmobile sedan abandoned in back of the Daly City bank, October 27. It had been driven over the concrete bulkhead and was left hanging in midair on the Daly City Service station property. The owner, T. J. Foley, 1061 Dolores street, San Francisco, had reported the vehicle stolen at the San Francisco Police department. The owner came to Daly City and claimed his car. He reported that his A gasoline book had been taken.

a plea for funds for a multitude of war relief and "home front" agencies, including the U. S. O.? That this is the one big request for the entire year? That only the Red Cross appeal is not included in this campaign? Do you know how urgent the need is? That you are failing a great cause?

It's not too late to redeem Daly City's record. An extension of time has been granted by county headquarters. If you wish to write a check you may mail it directly to Mrs. Trier, 158 Woodrow street. HALLOWE'EN WAS "PRETTY QUIET"

It was the quietest Hallowe'en in years, according to the men who should know better than anyone else—the Daly City Police department. No serious property damage was reported, no undue noise and disturbance, and miracle of miracles, no false alarms!

Only excitement which could be connected directly with Hallowe'en was a fire which occurred when a candle burning in a pumpkin ignited some window decorations at 7144 Mission street. Companies 1 and 6 responded to the alarm and quickly put out the blaze.

The two other weekend fires which necessitated the calling out of firemen were: a blaze, October 30, 8:10 p. m., in the living room of the house at 226 Peoria street, quickly brought under control by Companies 1 and 4, and a grass fire, November 1, 4:42 p. m. at the end of Whittier street. The same companies, 1 and 4, responded.

Julia says— Don't you believe it!

EVERY WEEK I'm amazed at the number of letters we receive, starting off with "Is it true that . . ." and going on to ask about something which is almost in the realm of superstition. For instance, a surprising number of people still think it's dangerous to eat cucumbers and milk together, yet they will use a sour cream dressing on cucumbers. And so many have been asking questions about canned foods, I thought perhaps you too might like to know some of the answers.

HOME CANNED

"Is it true that I should cook home-canned vegetables before using?" Definitely yes! Each home-canned vegetable should be cooked for 15 minutes immediately after opening the container, even before tasting, to insure complete safety. And if you put some away for later use, that should be cooked again before eating.

COMMERCIALLY CANNED

"Is it true that the liquid of commercially-canned peas should be thrown away?" No! If the peas are good to eat, the liquid they're packed in certainly is too! Liquid in all canned foods is simply the water in which the food is cooked; it contains valuable food elements, and should either be cooked back into the food or used in sauce or soup.

"Is it true that I must cook commercially-canned vegetables after removing them from the can?" Again, no. Commercially-canned foods are already cooked thoroughly and may be used just as they come from the tin can.

FOOD IN OPEN CANS

"Is it true that it's dangerous to leave food in an open can?" No! The Department of Agriculture says of commercially-canned foods: "Whether in the original can or in another container, the principal precautions for keeping food are—Keep it cool and keep it covered." But the opened can must be immediately put under refrigeration.

"Is it true that food which has discolored the inside of a tin can is dangerous to eat?" No. You have noticed how silverware is discolored by the sulphur in a cooked egg; the same process sometimes discolors the inside of a tin can, but it's entirely harmless.

AND FINALLY:

"Is it true that you like to answer all kinds of questions on food, Mrs. Wright?" YES! But please, *oh please!* Make those questions definite and detailed when you write, and address your letters to Julia Lee Wright, P. O. Box 660-SS, Oakland 4, California.

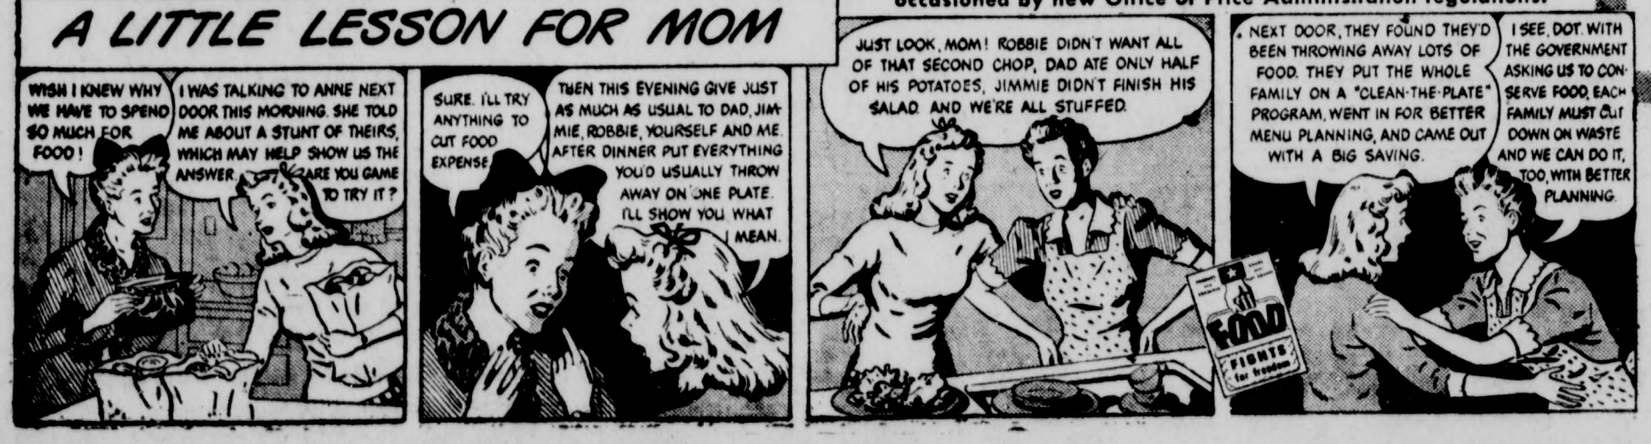
A LITTLE LESSON FOR MOM



WISH I KNEW WHY WE HAVE TO SPEND SO MUCH FOR FOOD!
I WAS TALKING TO ANNE NEXT DOOR THIS MORNING. SHE TOLD ME ABOUT A STUNT OF THEIRS, WHICH MAY HELP SHOW US THE ANSWER. ARE YOU GAME TO TRY IT?
SURE. I'LL TRY ANYTHING TO CUT FOOD EXPENSE.
THEN THIS EVENING GIVE JUST AS MUCH AS USUAL TO DAD, JIMMIE, ROBBIE, YOURSELF AND ME. AFTER DINNER PUT EVERYTHING YOU'D USUALLY THROW AWAY ON ONE PLATE. I'LL SHOW YOU WHAT I MEAN.
JUST LOOK, MOM! ROBBIE DIDN'T WANT ALL OF THAT SECOND CHOP, DAD ATE ONLY HALF OF HIS POTATOES, JIMMIE DIDN'T FINISH HIS SALAD. AND WE'RE ALL STUFFED.
NEXT DOOR, THEY FOUND THEY'D BEEN THROWING AWAY LOTS OF FOOD. THEY PUT THE WHOLE FAMILY ON A "CLEAN-THE-PLATE" PROGRAM, WENT IN FOR BETTER MENU PLANNING, AND CAME OUT WITH A BIG SAVING.
I SEE, DOT. WITH THE GOVERNMENT ASKING US TO CONSERVE FOOD, EACH FAMILY MUST CUT DOWN ON WASTE AND WE CAN DO IT, TOO, WITH BETTER PLANNING.
FOOD FIGHTS for Freedom

Needless to Say, Dot was Right as Rain!

The Government asks all of us to eat plenty of food but NOT TO WASTE any. Don't forget that "Food Fights for Freedom"—we must use it just as intelligently as any other war material.

Cranberries Do Double Duty

By BETTY BARCLAY

Market stalls are once again gay with bright red cranberries, so traditional to the American table and so dear to the American heart. Their bright color, tart flavor and excellent "pep-up" qualities have always filled a popular place on the table. And right now, they are doubly in demand to help pick up dull wartime menus. So put cranberries on your shopping list to make up your family's favorite sauce.

And be sure to save enough to make up this new cranberry mold, too. It's so easy to prepare and can be used in so many ways, no wonder it's called All Purpose Mold. You'll like it served as an appetizer, as a plain salad, as a main dish salad, as a dessert, as a relish or as a dress up for left-overs.

Here are just a few suggestions for fillings. You'll add others of your own once you've tried the recipe.

All-Purpose Cranberry Mold

2 cups sugar
1 cup water
4 cups fresh cranberries
1 envelope plain gelatin
2 tablespoons cold water
Grated rind 1 orange
1 tablespoon lemon juice

Boil sugar and water together for 3 minutes. Add cranberries and cook slowly, without stirring, until cranberry skins pop open — about 5 minutes. Soften gelatin in cold water; dissolve in hot sauce. Add grated orange rind and lemon juice and cool. Transfer to ring mold and chill until firm.

To Serve:

As A Relish—Unmold and serve plain or garnish with balls of cottage cheese rolled in chopped parsley.

As A Salad—Unmold and fill center with Cranberry Cabbage Salad. Serve with French Dressing.

As A Dessert—Unmold and fill center with cut up fresh fruit or Easy Orange Sponge. Garnish with sections of cut oranges.

Easy Orange Sponge

1 cup orange juice
18 marshmallows

Place orange juice and marshmallows in upper part of double boiler and melt. Beat with a fork until completely mixed. Chill thoroughly and pile by spoonfuls in center of cranberry mold.

Cranberry Cabbage Salad

3 cups shredded cabbage crisped and dried
1 tablespoon minced onion
½ cup diced celery
1 cup Cranberry-Orange Relish
1 teaspoon salt
¼ cup vinegar

Mix ingredients together lightly with a fork. Marinate in refrigerator for one hour. Serve with greens as a salad or plain as a relish with the main dish of the meal. It is particularly good with stuffed eggs.

Cranberry-Orange Relish
(No Cooking)

4 cups fresh cranberries
2 oranges
2 cups sugar

Put cranberries through food chopper. Quarter whole oranges, remove seeds and put through chopper. Add sugar and mix well. Chill in refrigerator a few hours before serving. Makes 1 quart relish. This sauce will keep well in the refrigerator for several weeks. For extra zip, add ½ lemon, with seeds removed; put through food chopper with cranberries and oranges.

AT JEFFERSON UNION HIGH SCHOOL

By Verna Moresco

BONDS 'N STAMPS

$13,800 — Yes, that's what we said! The students of Jefferson, during the two week competition period, brought in $13,800.

Not only that, they also got the Treasury flag for the month of October. The rooms that were 100 per cent were Mr. Lewis, Miss Della Mora, Walter Griffith, Miss Elizabeth Jones, Miss Beth Learned, Mrs. Dorothy Pendergast, Mrs. Marjorie Reandeau, and Clive M. Saiz.

The winning team, of which Eva Claus was the captain, brought in over $4,000. This was sophomore team 2.

The best teams were: Sophomore 2—$4,000; sophomore 5—$1200; sophomore 3—$800; senior 1—$700; freshman 7—$700; senior 5—$650; junior 1—$650; and freshman 6—$500.

Those students who did the best work were: Eva Claus—$1280; Edith Clem—$520; Wilma Cassasa—$420; Shirley Remmer—$380; Peggy Hanley—$1200; Peter Ramer—$820; Patsy Snee—$190; Eloise Harrison—$660; Barbara Blecher—$270; and Louise Terry—$470.

To organize the many activities in which the high senior class engages during the term, Marie Smith, senior president, announced the members of the senior committees.

Senior Ball committee: Metha Woods, chairman; Angie Bernardi, Dolores Caserza, Albert Chelone, Tim Christen, Frank Coen, Ray Gamba, David Johnson, Richard Kroncke, Betty O'Keefe, Elizabeth Newton, Mary Lou Layne, Beverly Wadiker, Emma Sambucetti.

Announcement committee: Nancy Sorg, chairman; Katherine Borg, Roy Camillo, Bianco Ratto, Richard Svani.

Gift committee: Helen Oxley, chairman; Caroline Migliore, George Percival.

Flower committee: Elizabeth Newton, chairman; Florence Jauch, Beverly Rud.

Cap and Gown committee: Albert Chelone, chairman; Rudolph Beaver, Louise Miller, Dorothy Goldstein.

Senior Jinx committee: Donald Nelson, chairman; Helen Dunn, Dave Johnson, Richard Kroncke, Metha Woods.

RED CROSS

Twenty members have been working in the Junior Red Cross making washcloths and afghans. They would still like to have more contributions of games and old wool sweaters for ripping.

The week of November 8 will be Red Cross week. It will also be a membership drive. Those who give ten cents or more will receive a special badge which will make them eligible for the Junior Red Cross activities and admission to assembly. For the assembly the Indians of Rhythm will be presented. (They get around, don't they?)

The school sent ten boxes filled with useful articles and toys for refugee children.

ABOUT SCHOOL

Last Friday night the students of Jeff got into the "spirit" of the Ghosts' Rendezvous and had themselves a "spooky" time. A Hallowe'en affair, the dance was "strictly spooky."

The Indians of Rhythm were as good as ever with their jive tunes.

There was a large crowd, about the best yet, and everyone had a good time.

Congratulations to the entertainment committee.

SENIORS

Smile please! That's what the high seniors heard last week when they made their bow before the camera.

It was these students' first appearance before the camera as graduating seniors, when Wednesday, October 27, they were photographed in cap and gown backstage in the auditorium.

The Annual Patriotic Color week was held this week at Jefferson. The students not only wore red, white, and blue every day but contributed to the key drive and the ornamental jewelry drive. Admission to special assemblies depended on the contribution of keys and junk jewelry.

Color Week was intended as a spur to patriotic activities.

CAMPUS FASHIONS

Flashy socks are still hitting a new high with boys around the campus.

From the football field come hard-hitting Indians with sleek-looking new jerseys.

"More young American women MUST volunteer for the navy to replace men in active duty," said Leo Hone, last Tuesday's Navy Day speaker, who stressed the need for greater sacrifice on the part of all Americans.

Health Dept. Makes Reports

For the week ending, October 23, eight cases of whooping cough and one case of mumps was reported in Daly City and one case of scarlet fever in Colma, in the communicable diseases survey prepared by the San Mateo County Department of Public Health and Welfare.

Charles C. Gans, director, at the same time issued a warning against botulism. "The large amount of home canning that has been done this year and the variety of methods employed make it appear likely that cases of poisoning will occur this winter. Cases or suspected cases should be reported at once. Antitoxin for treatment is available in Los Angeles and San Francisco," he stated.

Number Of Needy Shows Decrease

The number of needy people receiving public assistance in San Mateo county decreased by 6 per cent, when June and September relief rolls are compared, while the total amount of relief paid out in the county increased by 24 per cent, California Taxpayers' association stated today, reporting on its study of public relief in California counties.

In September, 1,885 persons were receiving public assistance in the county and $60,054 in relief was paid out. In June, 2,009 persons received $48,375, the association found.

Numbers receiving aid to dependent children showed a drop from 72 children receiving such aid in June to 63 for September. General county relief was paid out to 722 persons in June and to 588 in September.

Aid to the needy aged was paid to 1,177 persons in the county in June and 1,200 in September.

News From District Grammar Schools

AT WOODROW

ROOM 5

Room 5 welcomed two new students, Dorothy Webb from Portland, Oregon, who is in the low eighth grade, and Bobbette Hudson in the high eighth grade from Texas.

The class was proud of their 100 per cent in purchasing War stamps this month.

ROOM 15

Room 15 has received a new pupil, Ernest Dickson, from Oakland.

ROOM 14

Room 14 is keeping up the good work in the purchase of bonds and stamps. There were two bonds purchased in the room, this week.

The students of Woodrow Wilson elementary school have again won the privilege of flying the Treasury flag. Ninety-eight per cent of all the students bought War stamps during the month of October so the flag will fly during the month of November.

AT JEFFERSON

Jefferson kindergarten children reached the climax of their colorful Little Black Sambo unit last week, when different groups took turns in presenting a dramatic version of the story, under a lovely, tall, paper palm tree set up in the corner of the kindergarten room. Most of the children have finished their gay, Black Sambo picture books and have taken them home to be admired by family and friendly visitors.

In the development of their postoffice unit, the second and third grades are writing a cooperative story about the Pony Express. The children have a personal sense of authorship in creating this simple story of the Pony Express, which they enjoy, understand and are likely to remember.

At the recent weighing of Jefferson school children, the school nurse found very few of them under-weight. Most of the children in the lower grades are enthusiastic milk drinkers and the number of bottles of milk sold in those grades has increased to one hundred bottles daily.

Illustrated folders that picture vividly the need for generous donations to the San Mateo County War Chest drive, were distributed by Jefferson school children throughout the Colma district.

AT CROCKER

Crocker students of the seventh and eighth grades again came to the front to "feed the boys at home and abroad" as they volunteered and conscientiously assisted in the issuing of Ration Book 4. Acting as escorts and checkers, and assisting in making out applications, the students enjoyed their patriotic duties.

Honorable mention goes to the following students who served during the 4-day ration period: Betty Cheli, Miriam Miller, Peggy Chamberlain, Frank Torkelson, Shirley Svani, Barbara Winter, Elisa Paradiso, Alice Anderton, James Miller, Gene Borella, Monte Robinson, Mary Lee Lund, Alfred Salogga, Beth Ann Calvin, Bonnie Jean McHugh, Shirley Downie, and Florence Nordgren.

Carley Carle, of Room 2, visited her grandmother in Oakley for a few days last week.

After enjoying the rationing holiday, the students of Room 3 returned with their completed projects on the Middle Ages.

Albert D'Isep brought a miniature castle he had made, while Ragnar and Walter brought medieval swords and shields. Maxine brought a doll dressed in the style of the Middle Ages.

The following pupils of Room 4 enjoyed the rationing holidays away from home: Mary Montana visited in Larkspur and Janet Wulf enjoyed a stay in Redwood City.

Bonnie Jean McHugh of Room 6 spent the week end at Monte Rio with her mother and father.

Donald Matison enjoyed Wednesday during rationing, duck hunting at Napa with his father.

SAME TAX RATE

The City of Daly City with a city tax rate of $1.09 for 1943-44 and the same rate for 1942-43, is one of 136 California cities in which the tax rate showed no change this year, California Taxpayers' association stated today, making public its study of the tax rates of California's 284 cities.

City tax rates went down in 73 California cities, went up in 47, and showed no change in 136. Twenty-eight cities did not report, the association stated.

THANKSGIVING DAY · 1943

Probably won't be a normal, American Thanksgiving Day holiday. But things just aren't being normal these days. Men and women in the armed forces won't be taking the day off. Theirs is, as ours must be, a steady, relentless task of driving the enemy back with whatever means are at hand.

Here at Farmers Meat Company we're trying, as hard as we can, to keep the supplies "rolling"—to keep our work-ing civilians well-fed and healthy to win the war. Smoothing out the rough roads of food rationing is our job, and we in-tend to keep "firing" away until the war is won.

We carry a nice supply of poultry at all times. We be-lieve we will have enough on order for holiday needs, but we're taking advance orders now.
